Email: sales@tec-hackett.com

Tec-Hackett, Inc. is Indiana's specialist in factory automation. We offer a full lineup of electrical, hydraulic, pneumatic, safety and other automation products that assist you in keeping your plant and its processes running at their peak. Whether you are building new equipment, upgrading or maintaining existing equipment, our Technical Sales Team has the expertise to assist you with the selection and support for your unique application needs.

SICK
Sensor Intelligence.

SICK is a global leader in the manufacture of Photoelectric, Inductive, and Capacitive Proximity Sensors, Safety Scanners, Light Curtains, Barcode, Vision, Encoders & more. Call our SICK Expert with your questions!

ABB

ABB is one of the world's largest providers of AC and DC drives, soft starters, contactors, motors, robotics, low voltage controls, terminal blocks and more. Call our ABB Drives Expert with your questions!

BALDOR
A MEMBER OF THE ABB GROUP

Baldor provides AC & DC motors for your specific application: General Purpose, Fan, Inverter Duty, Severe Duty, Washdown, Explosion Proof, High Efficiency, and more.

WAGO

WAGO is focused on electrical interconnection, automation and interface electronic technologies, offering PLCs, Remote I/O systems, power supplies, relays, and terminal blocks to connect your world.

MELTRIC
A company of MARECHAL ELECTRIC GROUP

Meltric is a provider of a complete range of engineered plugs and receptacles, including the Decontactor series, a switch rated product that provides worker safety and simplifies NFPA 70E compliance.

**FRAME
WORLD**

Structural Aluminum Extrusions (T-slot) for machine frames, bases and guarding. Build it yourself or let

Tec-Hackett help design and build your project for you!

IMI

IMI Norgren is a long-established provider of high quality pneumatic air preparation (FRL) and motion control products, now part of IMI. Together with IMI Bimba and IMI Bahr, offering a range of pneumatic and electric motion control products.

SHEFFER
PNEUMATIC & HYDRAULIC CYLINDERS

Precision pneumatic and hydraulic cylinders built specifically for your application, including tie-rod, telescopic, NFPA standard and full custom solutions based on your specifications.

CONTINENTAL
HYDRAULICS.

Worldwide leader for engineered hydraulic components and solutions, including sub base and stackable solenoid valves, proportional valves, fixed and variable vane pumps, and a range of piston pumps. Ask about our large local inventory of Continental products!

OILGEAR

A dependable partner in hydraulic power technology, providing variable displacement axial-piston pumps and specialty valves for a wide range of demanding applications.

ENMECI
HEAT-EXCHANGERS

Emmegi's range of products spans air cooled, water cooled, and oil cooled heat exchangers for industrial applications, freight trains, oil drilling platforms, in-transit cement mixers, generators, and much more.

Magnaloy

Magnaloy Coupling Company began with light weight, heavy-duty flexible drive couplings. Today they offer much more, including pump/motor mounts, hydraulic manifolds, reservoirs, and a complete line of fluid power accessories.

Your local Account Manager is ready to address your needs, but don't forget that we have an experienced staff of factory trained **Customer Service Representatives** at our Fort Wayne, IN location that can answer your questions.

Call Customer Service at 260-471-7208 or email sales@tec-hackett.com.

Tec-Hackett Engineered Systems

Tec-Hackett has the technical resources to design and build system solutions to your hydraulic power unit's (HPU) specifications. We use modern CAD software to create custom HPUs that can not only power your machine, but seamlessly fit into your creative design and space requirements. Our HPUs are fully assembled and tested at our Fort Wayne, IN fabrication facility, and can be painted to match your company's color scheme.

In addition to design and assembly, Tec-Hackett's on-staff Hydraulics Specialists can assist you with your troubleshooting needs. Let us be your problem solvers!

Ask your local Account Manager for more details on Tec-Hackett's HPU capabilities.

From concept...

...to reality.
